Followed by some Parking rules

We've got few Parking rules in place. When the mean is collected please park the car in the drive way at Anjali's Nimto. Try not to reverse the car from the drive way or from the nearby houses. You will need to tale the car down the end of the road to reverse it. If its darker nights please switch off the head light of the car if facing the houses near by as that could be disturbing to the neighbourhood. Please adhere to the parking rules as keeping our neighbour happy is very important to us ☺
